

Assistant Plant Manager

[B & B Poultry Co., Inc.](#), is a family owned and operated company located in Norma, NJ. Entering its 74th year of continuous operation, B & B Poultry specializes in processing ready-to-cook poultry products that serve the regional, national and international marketplaces. An innovative and growing operation, B & B strives to be an industry leader in producing high quality products and maintains organic and SQF certifications. B & B Poultry Co. is well respected in the local business community and within the national and global poultry industries. B & B Poultry's processing plant is over 70,000 sq. ft. and in 2016 the company built a new 35,000 sq. ft. cold & dry storage warehouse and office building to meet their growing demands and prepare for the future.

B & B Poultry is seeking an Assistant Plant Manager to work closely with the plant manager and other company leaders to manage processing efforts ensuring efficiencies and profitability. The successful candidate will work collaboratively with the plant manager to meet production deadlines, exceed customer expectations and ensure resources are allocated within budget requirements. The Assistant Plant Manager will guide & develop employees in a fast-paced environment and build trusted relationships. B & B Poultry is seeking a loyal, dependable leader to proactively solve problems and achieve positive results.

A minimum of 3 years management experience, required. The ability to ensure a smooth flow of work in the absence of the plant manager and of utilizing production data and related information to drive results are essential. Experience in a meat/poultry processing/production facility, desired. An understanding of government regulations and safety (including SQF and HACCP) standards, a plus.
