Coal Delivery Driver

Martin's Ag. Service Inc is a growing family business that has an opening for a Coal Delivery Driver. While delivery coal for home heating is the primary function for this position, there is some variety with other deliveries or work around our plant. This is a fulltime position with competitive pay along with overtime, bonuses on product delivered and with benefits. Part-time will also be considered if you so desire.

Key Responsibilities:

- Deliver coal to customers in a safe and efficient manner while ensuring the customers satisfaction.
- Occasionally fetch coal from the coal mines.
- General maintenance of the vehicle and equipment you are using.
- Help with other deliveries as needed.
- Assist in other work as assigned.

Requirements:

- Valid PA class B or higher license.
- Endorsements "N" Tank; Air Brakes.
- Pass drug test and background check.
- Valid DOT Physical.
- Available to work overtime in peak season or in preparation for inclement weather.
- Ability to push/move small conveyors, when needed, to fill coal bins.
- Ability to lift up to 100 lbs.
- Ability to climb ladders, when needed, for some of the coal deliveries.
- Friendly customer oriented personality.
- Willingness to support Martin's Ag. Service employee handbook.
