

ESTIMATOR

Company Overview:

Northeast Agri Systems Inc. designs, builds, and services poultry and hog houses from New England to the Mid-Atlantic region, with primary locations in Lititz, PA and Laurel, DE. We are an EOE/M/F/D/V employer.

Position Overview:

We are hiring an Estimator for our Lititz, PA office. This position would be full-time (Monday-Friday).

Primary Responsibilities:

- Prepare quotations and bid packages in coordination with the sales team.
- Communicate with salespeople to clarify project scope.
- Manage and organize project documentation.
- Request and manage quotations from vendors and sub-contractors.
- Perform detailed, accurate, and complete project takeoff.
- Evaluate projects and quoting trends to improve accuracy of future quotes.
- Negotiate with vendors to purchase equipment for sold contracts.

Job Requirements:

- Strong Microsoft Office skills a must. (Outlook, Word, & Excel)
- Strong analytical skills and attentive to detail.
- Strong communication skills.
- Strong process orientation and desire for continuous improvement.
- Experience working as an estimator with equipment systems in poultry and swine buildings is a plus.

Benefits:

- 401K with employer matching.
- Health, Dental, Vision, and Prescription Insurance.
- Short Term Disability and Life insurance.

If you meet the criteria above, we encourage you to apply. Email your resume to applicant@neagri.com.
