

RISSER'S POULTRY, INC.

An industry leader of transport, production and production services to the Mid-Atlantic regional poultry markets is seeking a

Shop Mechanic

to join our growing and winning team. Key responsibilities include:

- Perform broad range of repairs on company owned fleet of tractors and trailers including brakes, hydraulic systems, engine components, chassis components, tires, drive lines, exhaust systems, electrical systems, etc.
- Perform fabrication type operations involving cutting, welding, etc.
- Complete diagnostic tests for routine troubleshooting and maintenance procedures and determine corrective actions necessary.
- Complete preventive maintenance schedules to ensure fleet tractors and trailers meet top level performance expectations.

Previous shop mechanic experience is required as well as your own shop hand tools. CDL is preferred. Agriculture and/or poultry transport experience is beneficial. To express interest or inquire about additional details, please:

Call 717-626-5466 between 8-5
